<b>Foreword</b>	iv
<b>Introduction</b>	v
<b>1 Scope</b>	1
<b>2 Normative references</b>	1
<b>3 Applicability</b>	1
<b>Annex A (normative) Test soil and method for surgical instruments (Austria)</b>	4
<b>Annex B (normative) Test soil and method for anaesthesia equipment (Austria)</b>	8
<b>Annex C (normative) Test soil and method for bedpans (Austria)</b>	11
<b>Annex D (normative) Test soil and method for urine bottles (Austria)</b>	14
<b>Annex E (normative) Test soil and method for flexible endoscopes (Austria)</b>	16
<b>Annex F (normative) Test soil and method for flexible endoscopes (France)</b>	21
<b>Annex G (normative) Test soil and method for surgical instruments, glassware and anaesthesia equipment (Germany)</b>	25
<b>Annex H (normative) Test soil and method for bedpans (Germany)</b>	31
<b>Annex I (normative) Test soil and method for flexible endoscopes (Germany)</b>	37
<b>Annex J (normative) Test soil and method for surgical instruments and flexible endoscopes, Peroxidase test (Germany)</b>	45
<b>Annex K (normative) Test soil and method for stainless steel items including surgical instruments (Netherlands)</b>	48
<b>Annex L (normative) Test soil and method for surrogate devices for endoscope channels (Netherlands)</b>	51
<b>Annex M (normative) Test soils and methods for surgical instruments, wash bowls, bedpans, urine bottles, anaesthesia equipment, baby bottles and suction bottles (Sweden)</b>	54
<b>Annex N (normative) Test soil and method for surgical instruments, surgical instrument trays bowls, dishes and receivers (UK)</b>	59
<b>Annex O (normative) Test soil and method for anaesthetic accessories (UK)</b>	62
<b>Annex P (normative) Test soil and method for bedpans and commode pans (UK)</b>	64
<b>Annex Q (normative) Test soil and method for urine bottles (UK)</b>	66
<b>Annex R (normative) Test soil and method for flexible endoscopes (UK)</b>	68
<b>Annex S (informative) Test soil and method for reusable medical instruments (USA)</b>	70
<b>Bibliography</b>	71
